

# PPG Competition Setup

This document walks the reader through the steps in creating a new single or multi-round competition.

Select **Competitions**, from the calendar click the **NEW** on the day in question or select the **New...** button top left.

The Competition Setup – (New) page loads, enter a **Name** for the competition, the competition type is not essential as the **@ Leaderboard** show's this separately to the right side of the display.

Name

Select the **Gender** for the competition, if the competition has no divisions or both genders will be playing in the same divisions **Both** can be used, otherwise build separate **Men** and **Women** competitions.

Gender

Both
  Men
  Women

Select the **Type** of either 18 Hole or 9 Hole, then select the required competition/s that are required from the **Competition Types**, the Search box can be used to filter the competition types.

Type  18 Hole  9 Hole

All rounds count with No cut [Edit](#)  
 Leader board will not show players who have missed the cut  
 Entries will be automatically entered into subsequent rounds

*Note: - with a 27-hole event the competition type would be 9 Hole with 3 Rounds off the relevant 9 hole GA markers i.e. 1-9, 10-18, 1-9, click the **Padlock** to unlock so you can stagger the times for the 3 rounds, set "Use same markers across all Rounds and Divisions?" to **No** then select the relevant 9 hole GA markers.*

**Rounds**

If **Divisions** are required select [Add Division](#), the default is GA Handicap but the preferred Daily Handicap option is available.

**Divisions** [Add Division](#)

*Note: - There is no need to build one division, just leave set with no divisions.*

**Divisions**

Divisions are frozen across multiple rounds [Edit](#)

B Grade	12	24			0	<a href="#">Delete</a>	
C Grade	25	45			0	<a href="#">Delete</a>	

[Add Division](#)

It is suggested a **From Handicap** of at least **+5** be set to account for ultra-low GA handicap players.

**To Handicap** should be set at **45** for men and **54** for women, i.e. +9.

*Note: - this is to allow daily handicap slope rating system calculations to occur in the background, men and women will still play off their respective maximum "Daily Handicaps" of 36 and 45 respectively.*

*Note: - it is advised that you run a competition once to ensure you have the correct settings before bulk building competitions into the future as once created they need to be edited individually.*

When completed select

# PPG Competition Maintenance

Aspects of the competition can be edited once a competition has been setup, even on the day of play with scores returned.

Select **Competitions**, then from the calendar select the competition in question.

From the Competition's Dashboard select -> [Competition Setup](#)

The **Name** can be adjusted to tweak the Leaderboard display, the competition **Type/s** can be added to or removed from, as can **Divisions**, in both cases results will be re-calculated when changes are saved.

*Note: - if deleting a division select **Save Changes** before adjusting the remaining From and To handicaps.*
