

## Singles Events

**Stroke – Net, Gross**

**Stableford – Handicap, Scratch**

**Par – Handicap, Scratch**

**Hidden Holes - Gross, Net, Stableford, Scratch Stableford**

- The hidden holes competition is the total of the scores for each of the hidden holes selected. Scores on holes not included in the hole selection are simply ignored.

**American Stableford**

- A player records 4 points if a birdie is scored on a hole; 3 points for par; 2 points for bogey; 1 point for double bogey. Points over the 18 holes are totaled; then the player's daily handicap is added to that total. E.g. Total points 42, Handicap 10, Score = 52. Winner is player with most points.

**Scratch Stableford**

- Scratch Stableford is a competition format where Stableford points are calculated for each hole based on a scratch (0) handicap. The player's course handicap is completely disregarded for the purposes of this competition, however when scores are entered into the system they will be handicapped as normal.

**Gross Stableford (Handicap Adjusted)**

- Gross Stableford is a competition format where Stableford points are calculated for each hole based on a scratch (0) handicap. In this version of the competition (Handicap Adjusted), the player's daily handicap is added to the total scratch stableford points to calculate the competition score.

**Irish Stableford**

- The Irish Stableford competition works differently for 9 and 18 hole competitions:
- In the 18 hole version of the competition the normal Stableford score counts for holes 1 to 6. The Stableford score for holes 7 to 12 are multiplied by 2, and the Stableford scores for holes 13 to 18 are multiplied by 3.
- In the 9 hole Irish Stableford competition the normal Stableford score counts for holes 1 to 3, the scores for holes 4 to 6 are multiplied by 2, and the scores for holes 7 to 9 are multiplied by 3.

**International Stableford**

- A competition the same as a Stableford except that for a net par the player scores 0 points; for a net birdie the player adds 2 points; for a net eagle the player adds 5 points; for a net albatross or better the player adds 8 points. For a net bogey the players deduct 1 point; for anything worse than a net bogey 3 points are deducted.

## Score Specific Events

### Twos

- If a player scores a 2 on any specified hole they will be included in the Twos results.

### Net Eagles

- If a player scores a Net Eagle on any specified hole they will be included in the Net Eagles results.

### Net Birdies

- If a player scores a Net Birdie on any specified hole they will be included in the Net Birdie results.

### Birdies

- If a player scores a Birdie on any specified hole they will be included in the Birdie results.

### Eclectic

- Competitors play two or more rounds and the eclectic score is the lowest score obtained at each hole on the rounds for a specific course. Sometimes the competitions extend over the whole season and the total score for the holes is subject to deduction of half the player's handicap held on the last day of competition.

### Jackpot, Other

- These competition types can be used for specialty competitions players can opt into like a Pro Ball Comp or Money Hole and can be used in conjunction with most competition types.

## Team Events

**Please note:** Single team card events i.e. 4BBB single card, Foursomes and Ambrose. If adjusting the competition setup after it has been created and saved, you **MUST** create a **NEW** competition for that event. Making a change to the competition setup can cause errors when returning scores and creating the results for single card events.

## Ambrose

### Ambrose - Stroke, Net

- Ambrose Events for 2, 3 or 4 players

## Fourballs

### **4BBB Gross, Net, Stableford, Scratch Stableford, Par**

- This competition is scored in the same way as an individual competition. The difference is that you are playing with a partner, and only the best score for the hole is recorded on the scorecard.
- On the scorecard you record the score for the partner with the best score on each hole. For example, if both players have the same score for that hole, then the player who holed out first has their score recorded on the card. At the end of the round, you total up the best score for each hole and this is filled in as your result at the top of the card.
- A crucial difference between 4BBB Gross and individual Gross is that you are allowed to pick up your ball if there is no way you can better your partner's score. This assists in making a Four Ball Best Ball Gross round much quicker than an individual Gross Round.

### **4BBB All Ways - Stroke, Stableford, Scratch Stableford, Net, Par**

### **4BBB Single Card - Stroke, Net, Stableford, Scratch Stableford, Par, Scratch Par**

## Foursomes

### **Foursomes - Stroke, Net, Stableford, Scratch Stableford, Par**

- Golfers compete in teams of two, using only one ball per team, and taking alternate shots until the hole is completed. Team members take turns in teeing off on each hole, i.e. one player will take the tee shot on odd-numbered holes, and the other on even-numbered holes.

### **American Foursomes - Stroke, Net**

- Both players play tee shots at each hole, then play a second stroke with their partner's ball. One ball is then selected and play proceeds as in foursomes, so that if Player B hit the second shot with the selected ball, Player A hits the next shot and play alternates until the hole is completed.

### **Canadian Foursomes - Stroke, Net**

- This event is played as per a Foursomes event except that both players play tee shots at every hole and afterwards continue with whichever ball they nominate, with the partner playing the second stroke.

## Other Team Formats

### **Aggregate - Stableford, Scratch Stableford**

### **Combined – Stroke, Net, Stableford, Scratch Stableford, Par**

- This competition must be played with 2 players
- Each partners score is added together to give the Combined score for the hole.

### **Combined All Ways – Stroke, Net, Stableford, Scratch Stableford**

- This competition must be played with a minimum 2 players
- Players will be paired up with all players in their group
- Each partners score is added together to give the Combined score for the hole.

### **Multiplier Stableford**

- In a Multiplier competition, a team of 2 players have their Stableford scores multiplied together for each hole.

### **Pairs Special 6's Stableford**

- This is a Stableford competition for 2 player teams.
- For the first 6 holes the individual scores are added up to form the team score.
- For the next 6 holes the individual scores are multiplied together.
- For the final 6 holes, only the best score for each hole counts.

### **Best 2 Of 4 - Multiplier Stableford, Stableford, Scratch Stableford**

- This competition can be played with either 2, 3 or 4 players.

### **Best 2 multiplied by 3<sup>rd</sup> - Stableford**

- This competition must be played with either 3 or 4 players.
- For each hole the best 2 Stableford scores are totaled together then multiplied by the 3rd best Stableford score to give you the total score on the hole for the group.
- If 4 players are playing together, it allows for the worst Stableford score on the hole to be ignored. If only 3 players play together—all players Stableford scores count toward the hole.

### **Best 3 of 4 – Stroke, Net, Stableford, Scratch Stableford, Par**

- This competition must be played with either 3 or 4 players.
- For each hole the best 3 scores are totaled together to give you the total score on the hole for the group. If 4 players are playing together, it allows for the worst Gross score on the hole to be ignored. If only 3 players play together all players Gross scores count.
- NB: This competition is NOT the best total 3 of 4 Gross scores for each player, but rather the best 3 or 4 Gross scores on a hole by hole basis. This allows a player to continue to contribute to the team score even if they are having a bad round of golf.

**Best 3 of 4 Team Overall – Stroke, Net, Stableford, Scratch Stableford, Par**

- This competition must be played with either 3 or 4 players.
- The best 3 overall scores are totaled together to give you the total score for the group. If 4 players are playing together, it allows for the worst players total score to be ignored. If only 3 players play together all players scores count.

**Group Best Ball Split 6 - Stableford, Scratch Stableford**

- This is a Stableford competition for 3 or 4 player teams.
- For the first 6 holes, only the best individual score for each hole counts.
- For the next 6 holes the best 2 individual scores are added together to make a team score.
- For the final 6 holes the best 3 individual scores are added together to make a team score.

**Best 4 Of 4 - Stroke, Net, Stableford, Scratch Stableford, Par**

- This competition must be played with 4 players.
